Street: \_\_\_\_\_

City, State, Region \_\_\_\_\_

Country, ZIP \_\_\_\_\_

Please answer the following questions:

What is your digital signal processing experience? Please include a general background and mention which, if any, DSP development tools you have used for what purpose.

Why do you want to attend the workshop?

How will you apply the knowledge you have learned in this workshop to your teaching and research?

Do you plan to attend other sessions/workshops while the TMS3206416/C6713 Workshop is being held? If so, which one(s) and why?

Thank you for your interest. Please FAX your completed form to 281 274-2279. Or e-mail it to **icassp@list.ti.com**. If you fax, please send us an e-mail (at **icassp@list.ti.com**) and let us know of your fax. You will be notified by e-mail when a decision is made about your application. If you have any questions, please contact us at **icassp@list.ti.com**.
